

Burnham Nationwide - Your Partner in Success

At Burnham our goal is to simplify the regulatory and compliance process in the building industry so that everyone involved with design, construction and management of a building can do their job better. We care about people and believe that everyone deserves to live, work, and interact in an environment that is safe, comfortable, and well planned.

When you partner with Burnham for your building permit needs, we will save you time, reduce project delays, and help to maximize valuable resources. We are able to accomplish this by taking ownership of the entire permitting process and treating every project, large and small alike, with the utmost urgency and attention to detail.

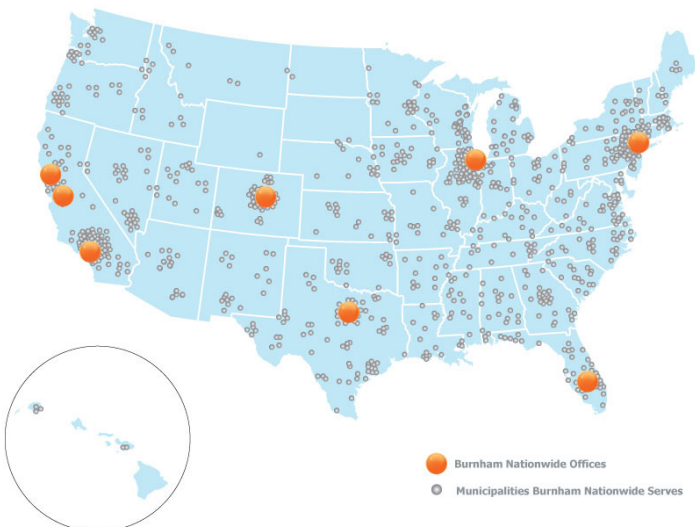

Who We Are

From the start we have been supporting the building community by delivering clear solutions, anticipating pitfalls, and providing peace of mind to everyone involved. In addition to Burnham Chicago, we have offices in Dallas, Denver, New York, Orlando, San Francisco, San Jose, Los Angeles, and a National Group that is committed to normalizing processes for multi-site national program projects.

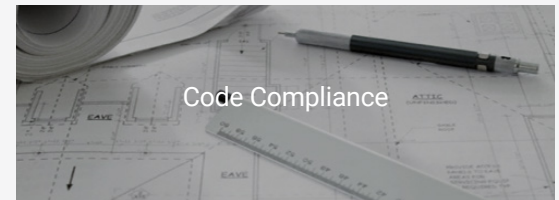

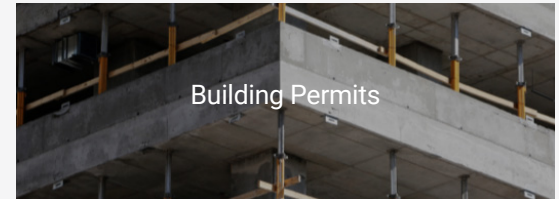

With state-of-the-art infrastructure, a systematic pre-submission review process, seamless communication; and by anticipating corrections, and recommending innovative, practical solutions, our experience will prove invaluable in the timely completion of your project.

Local Touch. National Scope.

We have obtained over 125,000 permits nationwide and can help you with your specific project, large or small, locally, regionally or nationally – Burnham simply gets it done!
